Provisional Admission to a Postgraduate Course during the COVID Pandemic

Approved by the Board of Governors in its meeting held on November 26, 2020

With the prevailing uncertainty over the completion of undergraduate academic requirements, delays in conducting undergraduate examinations for final year UG students, and the declaration of results, the following policy is declared:

1. Provisional admission may be granted to a student who:
 - a. Has completed the undergraduate degree course and examinations, but results have not been declared
 - b. Has completed the undergraduate course, but examinations have not been completed
 - c. Have faced difficulty in appearing for examinations
 - d. Have almost completed the undergraduate course, but face uncertainty because of difficulty in completing the last remaining requirements such as project, internship etc.
 - e. In extenuating circumstances, the University may consider offering the remaining credits or other requirements needed for completion of the undergraduate course, on an individualized basis. This may be done prior to starting the postgraduate course, or may be taken concurrently. Such considerations will require the approval of the Dean, Academics.
2. The status of provisional admission will not ordinarily be extended beyond six months.
3. Students whose provisional status has not been regularized by the end of six months, will undergo a review by the Dean, Academics, in consultation with the head of the department, and a decision taken by the Dean, Academics.
