#### Introduction:

The 'World Social Work Day' is celebrated on the third Tuesday of March every year to celebrate and promote the work done by the community of Social Workers all over the world. This year the World Social Work Day will be celebrated on 19<sup>th</sup> March, 2024. To commemorate this day, the School of Social Work, Martin Luther Christian University has organized a three-week-long World Social Work Day Campaign based on the theme "Myself, My Community: Shared Responsibility." The primary objective of this campaign is to engage with the community at various levels to create a network whereby we honour every individual, respect diversity, and realize our shared responsibility towards our community and our environment at large.

The programmes have already commenced starting from 28<sup>th</sup> February 2024. A lineup of different activities has been planned to engage with the community and different institutions details of which are stated below.

- Inter-School Poster Competition.
- Inter-School Poetry Competition.
- Sensitization Programme in Churches.
- Sensitization Programme in Schools.

Apart from the above-mentioned programmes, the World Social Work Day Campaign will culminate on 19<sup>th</sup> March with a Training Programme at the community level whereby a training cum sensitization programme will be held for the youth of the community as well as other stakeholders, to enable a sustainable network of responsible citizens.

#### **Summary of Activities:**

## Activity 1: Inter-School Poster Competition and Inter-School Poetry Competition

Based on the theme "Myself, My Community: Shared Responsibility" an Inter-School Poster Competition and Inter-School Poetry Competition were organized and posters advertising the same were sent out to different schools. The competition was organized in an online mode for ease of participation. There were many participants from which the winners were chosen by the appointed experts.

### Activity 2: Sensitization Programme in Schools and Bharat Scouts and Guides

A sensitization programme with adolescents in different schools across the city was organized. The theme for this program was "Myself, My Community: Shared Responsibility". The session was aimed to be an interactive session to understand the perspectives of the youth and the adolescents about themselves, their surroundings and their responsibility towards the community. The students were enthusiastic and keen to learn from the discussion that ensued in these sessions. These sessions proved to be a very helpful medium for both the experts and the students to discover and relearn certain core concepts that are essential for the holistic development of adolescents.

The schools that were covered under this program are as follows:

- St. Joseph's School, Shillong
- Pine Mount School, Shillong
- Christian Academy, Shillong
- Meghalaya Police Public School, Shillong

A sensitization programme was also organized for the youth members of Meghalaya Bharat Scouts and Guides in State Head Quarters, Pine Mount Ridge, Shillong. In this session, the members of Bharat Scouts and Guides from different colleges across the city participated. The session highlighted the problems and issues faced by the youths. The objective was to make them realize their potential to solve the issues faced by them. It was a very fruitful discussion whereby the major takeaways were that the youths are aware of the issues they face, the potential they have to become a change agent etc.

## Activity 3: Sensitization Programme with the community in Lumsyiap, Nongmensong

It was realized after the sessions conducted with the adolescents and the youths that it would be incomplete if the findings were not shared with the parents. Hence in collaboration with Reach Shillong Ministries, a sensitization programme was organized in Lumsyiap, Nongmensong on  $19^{th}$  March, 2024 where mothers in the community attended the programme. The findings from the previous sessions were shared in the form of a role-play prepared by the students of BSW  $6^{th}$  Semester. A discussion was held after the role-play whereby the mothers shared their own experiences with raising their children. The findings from the sessions conducted in the schools were shared with the parents, which proved to be enlightening for them to realize the perspective of how children think.

## Activity 4: World Social Work Day programme, 2024

The final day of the World Social Work Day Campaign was celebrated on the campus of Martin Luther Christian University, Nongrah. A Role-play was performed by the students followed by a flash mob to culminate the final day of the programme.

## **Conclusion:**

The World Social Work Day Campaign 2024 was a success as all the activities were carried out smoothly with the cooperation and hard work of all involved. The participation and cooperation of the youth and adolescents as well as the parents in all locations was also a source of motivation for all.
